Poll Tax and Prohibition

The Gazette Pleads Both Ways

For a newspaper with a flexible conscience I give you the Arkansas Gazette which one morning advocates a law to put a person in jail for taking a drink and the next morning attacks the poll-tax-repealer pending in congress as 'totalitarian'.

Protests Against Divided Pacific Command Mount

—Washington

By JOHN H. WIGGINS
Washington, Oct. 29 — (AP) — Mounting protests against a divided command in the south Pacific appeared headed today for climactic action by what was regarded in some quarters as an appeal from Douglas MacArthur for unified direction over the entire embattled area.

Answering a newspaper report attributing the two separate commands in the Pacific chiefly to "political Washington" and a "MacArthur-for-president campaign," the 62-year-old leader of United Nations forces in Australia disavowed any "political ambitions whatsoever."

From his headquarters last night (Washington time), MacArthur declared that any contrary suggestion must be regarded as merely amiable gestures of goodwill dictated by friendship.

"I started as a soldier and I shall finish as one," he said. "The only hope and ambition I have in the world is for victory for our cause in the war."

The toppling louder and louder demands from Capitol Hill for better teamwork in the Pacific water theater, was interpreted by some sources here as at least an indirect appeal to eliminate any political considerations that might be hampering his direction of the war effort in that part of the world.

These sources pointed out that such a statement from a commanding officer in the field was highly unusual and was almost bound to provoke some decisive action.

The congressional protests became more vocal this week after Vice Admiral Robert H. Ghormley was replaced as commander of the Southern Pacific area embracing the Solomon Islands by Vice Admiral William H. Halsey.

There was no explanation for the change but it was recalled that United States naval operations in that area had cost three cruisers, the Aircraft Carrier Wasp, five destroyers and four other ships.

Recently, Rep. Wadsworth (R-NY) observed "there is an inevitable lack of teamwork when matters common both to the Army and Navy are handled separately, and it is this lack of teamwork which is the cause of our present difficulties."

The newspaper comment drew MacArthur's statement was written by the Christian Science Monitor's Washington correspondent, Joseph C. Harsch, who remarked that "so great has been the dissatisfaction with progress in the Solomons that Washington opinion has veered somewhat away from its strong anti-MacArthur bias."

"Political Washington," he wrote, "was largely responsible for setting up two separate American commands in the far Pacific, and it did this partly because of jealousy of MacArthur's great public conservative opposition press launched a 'MacArthur for president' campaign without any encouragement from the general himself."

Jap Airfield in Burma Raided by U. S. Forces
By J. REILLY O'SULLIVAN
At a United States Army Air Base, Somewhere in China, Oct. 28 — (AP) — The Japanese airfield at Lashio, Burma, terminus of the Burma road, was bombed early Tuesday by B-25's of the China air task force.

These planes, two-motored Mitchell-type bombers, dived through a screen of anti-aircraft fire to reach their target. Bombs were strewn along the airport and to hangars were hit.

"CHAMP" OIL WELL
Polkore de Llano No. 4, one of the largest oil wells ever brought in, produced 8,000,000 barrels of oil in the first 90 days of its operation. The oil gushed forth at the enormous rate of 125,000 barrels a day, and a lake reservoir was constructed to hold it.

Snakes have a protective "storm-window" over their eyes, a transparent membrane which saves the organ from scratches and injuries.

Americans Down 4 Nazi Planes in Egypt Battle

—Africa

By DON WHITEHEAD
Cairo, Oct. 29 — (AP) — United States fighter pilots have added four more Messerschmitts to their steeply rising toll of downed enemy planes in a continuation of the punishing air offensive which supports the British Eighth Army's thrust against Marshal Rommel's desert line.

American and British airmen apportioned to wear down the Axis strength already in North Africa, to keep the enemy from getting reinforcements across the Mediterranean and to back the British land forces grinding into the Axis' Alamein line fortifications.

While air attacks smashed at enemy supply lines and bases even across the Mediterranean to Crete, British headquarters announced that the land forces had beaten off a counter-attack in the desert and inflicted further losses on the Axis in a series of minor tank engagements yesterday.

United States medium bombers struck again behind Rommel's line, scoring direct hits on camps and land convoys and starting many fires. Although many German fighters were seen in the battle area, the communiqué said, the bombers were not attacked.

The German fighters also sought to avoid engaging the United States fighters throughout the day, it added, but were brought to combat on at least two occasions. The four ME-109's shot down were the American's contribution to an Allied total of nine enemy planes destroyed yesterday.

The first Messerschmitt was shot out of formation of light. The other three, downed inside three minutes, were caught by fighter planes conveying an RAF fighter attempt to get fuel and supplies, the RAF was reported to have sunk another enemy tanker in a torpedo attack this afternoon. One plane, the enemy's sea losses from air attack at five merchantmen, including three tankers.

Nine enemy fighters in all were reported destroyed during the day by night, was said to have set off an enemy air raid.

Allied torpedoes carrying aircraft were credited with sinking a large enemy tanker bound for North Africa last night.

"Enemy activity over Malta was ineffective and reduced in scale," the bulletin said.

From the ton of the communiqué it seemed evident that the army of the Nile, but on inflicting the maximum possible damage to the enemy at a minimum cost, was maintaining the cautious but determined pace of its offensive while subjecting Rommel's forces to a incessant aerial and artillery bombardment.

More than 10,000,000 persons in the fiscal year 1942 saw motion pictures dealing with the petroleum industry distributed by the U. S. Bureau of Mines.

Running Arctic Bomber Lane to Russia Is a Tough Job

By WILLIAM B. KING

UNITED STATES Naval Forces in a United Kingdom Port (Delayed) — (AP) — American ships are fighting the battle of supplying Russia through the drab "Bomber Lane" of the Arctic take their ordeals of fire and frigid waters in workaday stride.

U. S. Navy gunners and merchant seamen interviewed in this nerve center of convoy control were all survivors of attacks by U-boats that hunt in packs and torpedo bombers that swarm like bees but that have but one theme: To fight through to victory, whatever the odds.

Among more than 100 naval personnel survivors brought here after their ships were shot out from under them were William Harkins of Gloucester, N. J., and Albert D. Friday of West Point, Miss., U. S. Navy gunners on a merchantman.

Their war typical of the grim and heroic stories told without fuss or feathers.

Their vessel was dive-bombed, then attacked by a level bomber and finally sprayed with incendiary bullets by a strafing plane. When she could stand no more, her crew and gun crews took to lifeboats.

They sailed and rowed for 10 days before reaching sanctuary in Russia 350 miles away. They were two months in a Soviet hospital under treatment for frozen feet. Then they returned to Britain over the same submarine-infested route.

And of their 10 days in an open boat with 21 other men in Arctic waters so cold a man's flesh would turn dead white in mere minutes. Friday only said, quietly:

"It wasn't so bad, except for those two days it snowed."

Reds Admit New Nazi Drive in Caucasus Gains

—Europe

By HENRY C. CASSIDY
Moscow, Oct. 29 — (AP) — Soviet military dispatches said today the Germans were gaining ground with a large-scale offensive in a new sector of the central Caucasus, attacking the deep Red Army defenses across the Nalchik plateau with troops, tanks, artillery and planes.

This shift in invasion pressure southwestward from the Moxdok area was noted as Stalingrad's garrison held on in the 66th day of siege against German attempts to capitalize on a 200-yard gain in bloody fighting yesterday.

That advance was estimated by Red Star to have cost the enemy five battalions of troops killed or wounded (roughly 3,000 men) and 20 tanks wrecked or burned.

Ten times the Nazis with large troops and tank forces charged into a gap between two factories, edging forward yard by yard until they finally were stalled. The Army newspaper said, in a crossfire of machineguns camouflaged in the factory buildings.

Blizzards have been raging in the Caucasus mountains and bitter cold has now set in. Russian soldiers had been frozen to death in caves.

The Nazi command struck against Nalchik, on a round about route toward the Georgian military highway terminal at Ordzhonikidze, after being blocked in the Moxdok sector and thrown back in the area of Tusheti, far to the northwest.

Special ski and sled detachments were moved up by the Germans to engage the Russians in the fight for mountain slopes and passes deep in snow.

Izvestia said the Red Army was employing a mobile defense against the armor-supported enemy infantry.

Two or three Nazi battalions were declared hurled against Nalchik, a town of 15,000 population known as a health resort, 50 miles southwest of Moxdok and 60 miles northwest of Ordzhonikidze.

The Caucasus mountain campaign appeared the most picturesque of the long and spectacular war on the Russian front.

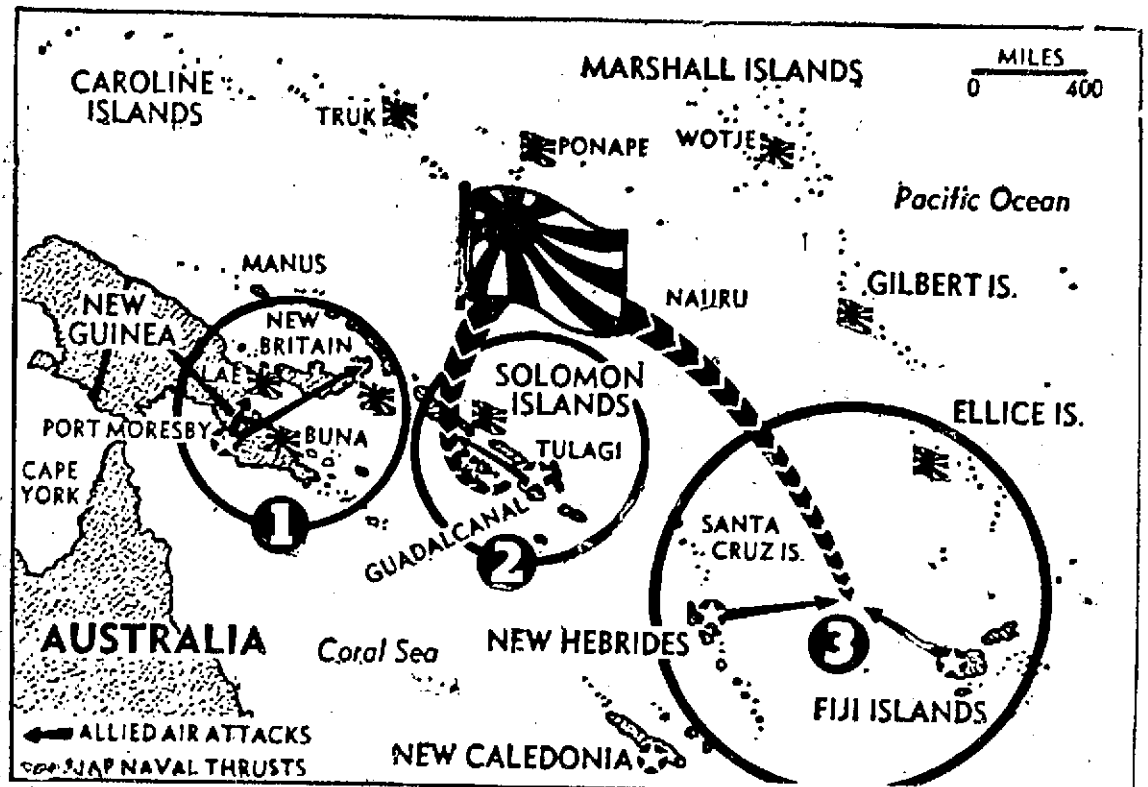

Farm Group Attacks Price Control Law

Washington, Oct. 29 — (AP) — Angry farm state senators mobilized for an attack today on what they termed "high handed and illegal" administration of the revised price control law.

They trained their guns on an interpretation of the law inserted in the congressional record by Senator Brown (D-Mich.) under the heading of "Food and Fiber."

They chose potatoes and winter wheat, frozen, and on a projected program of subsidies which Senator Reed (R-Kas) said the administration had in mind.

Pacific Action Areas

McClellan to Speak at Bond Rally Friday

Final arrangements have been completed for Hope's Victory Rally, featuring an address by Senator-elect John L. McClellan, at the city hall auditorium this Friday night at 7:30 o'clock.

JOHN L. MCCLELLAN

The following program was announced today by George W. Ware, general chairman of the special civic-clubs committee sponsoring the event:

Band Concert—Hope High School Band.

Flag Ceremonies—American Legion.

Pledge to Flag—Bill Wray, leading.

Community Singing—Ted Jones, leading.

Quartet—Kiwanis Quartet.

War Bond Introduction—Albert Grier.

War Bond Sound Pictures—Martin Pool.

Introduction of Guest Speaker—Edward McFadden.

Victory Address—Senator-Elect, John L. McClellan.

Much interest is being manifested in this patriotic meeting—the first of its kind to be held in Hope since World War I, 22 years ago. The various civic club organizations are making arrangements for an over flow crowd.

Sulfanilamide Spray to Cure Common Colds

By HOWARD W. BLAKESLEE

Associated Press Science Editor
St. Louis, Oct. 29 — (AP) — A new form of sulfanilamide spray, to be used for common colds and flu, was shown to the American Public Health Association today.

The spray has been under trial at several scientific institutions for colds and sore throats. No reports have been published, but the verbal reports have been favorable. The spray is not used for sinus troubles.

The base of the spray is sulfadiazine, a new compound which is the least harmful to human beings of any of the sulfanilamide preparations.

McClellan to Speak at Bond Rally Friday

Much interest is being manifested in this patriotic meeting—the first of its kind to be held in Hope since World War I, 22 years ago. The various civic club organizations are making arrangements for an over flow crowd.

Alaskan Highway Is Open to Traffic

Washington, Oct. 29 — (AP) — The entire Alaskan highway is now open to traffic, Secretary of War Stimson announced today, weeks ahead of schedule.

Motor trucks started this week moving supplies and equipment to the garrisons in the north Pacific outpost, using the entire 1,671 miles of the roadway, the secretary told his press conference.

"Thousands of trucks will operate over the route all winter, carrying soldiers and supplies to Alaska," Stimson said. "Plans are under way to bring loads of strategic materials on their return."

The formal opening has been advanced tentatively to November 15, instead of December 1. Ceremonies are planned for a point on the Alaskan-Canadian border.

Flashes of Life

By the Associated Press
Preserved Treasure

Wichester, Ind. — "What am I bid for these glass jars?" Mayor O. E. Ross was about to ask at an auction sale.

Instead he hesitated for a second look. Could that be money he saw? Yes, it was \$1,890 in bills and quarters and half-dollars.

The auctioneer ordered the jars turned over to the administrator of the estate of Sylvester Pearson, whose effects he had been selling.

Gastronomical Victory
Bainbridge, Ga. — A package labeled "perishable" arrived at the Army flying school here, but the addressee had left the day before for home on furlough.

"The boys couldn't sit idly by and see something perishable go to waste, so they sent a collect telegram to his home asking permission to open it."

Three hours later a wire came from his mother. "Frank not yet arrived, eat it if you pay for this."

On Land Enemy Losses Mount in Men, Equipment

—War in Pacific

Washington, Oct. 29 — (AP) — American and Japanese forces squared off today for another vicious round in the spreading fight for the Solomons after a series of terrific land battles bled the enemy heavily of men and equipment.

While United States air and ground forces fought savagely to hold the Guadalcanal airbase, the battle of the southwest Pacific appeared to be surging outward 400 miles northeast of the turbulent islands.

Superior numbers of enemy ships, planes and men were reported mobilizing at the approaches to American bases in the New Hebrides and Fiji Islands, whence they could strike at Allied communication lines to Australia.

The Navy reported no new details of warship activities in the Pacific last night, but General Douglas MacArthur's Allied bombers from Australia raided the enemy again, damaging two Japanese ships in the Rabaul Harbor of New Britain and smashing the Japanese base at Buka in the northern Solomons with explosives.

One of the bomb hits at Rabaul, more than 800 miles northwest of Guadalcanal, caused an explosion on a warship. MacArthur's communiqué asserted today (Australian time), and another set an unidentified vessel afire. The assault on Buka's airbase and buildings destroyed an enemy bomber on the ground and started fires visible 80 miles away.

Meantime, Australian ground troops in New Guinea continued to press the Japanese back toward their northeast invasion base, further thwarting the invaders' efforts to move on to the Allied Port Moresby base.

"The Navy gave no indication that a decision was near in the Solomons struggle. The all-out assault which started Oct. 23 had tapered by Tuesday to what the Navy termed the entire "small-scale thrusts" at the American positions on Guadalcanal.

These enemy attacks like the more savage Japanese thrusts preceding them were thrown back and the Navy, describing the results of the fighting, observed:

"Enemy losses in men and equipment in troop actions on the island since Oct. 23 have been very heavy as compared to our own."

While both sides appeared to be getting their second wind in the Solomons, Navy observers kept a concerned eye on the waters north of the Santa Cruz Islands where American planes torpedoed a Japanese plane carrier Monday night and bombed a cruiser.

The enemy navy concentrations in the entire area were regarded as heavy and U. S. Navy commanders voiced expectation that another major sea battle might flare up at any hour.

Secretary of War Stimson told his press conference today that the decision to launch the American operations in the Solomons, which began in early August, "was made by the joint United States chiefs of staffs in accordance with agreed upon plans and was not purely a naval decision."

Machinery to Control Wages to Start Soon

Washington, Oct. 29 — (AP) — Decentralized administrative machinery to regulate all wages and most salaries up to \$2,000 will be operating in 10 to 15 days.

The War Labor Board announced it had arranged in cooperation with Secretary Perkins of the Labor Department to use the wage-hour division field offices to help administer the new system. The board under the president's executive order of Oct. 3 and by James F. Byrnes, director of economic stabilization.

Treasury officials were expected tomorrow to announce a formula for limiting salaries to a maximum of \$25,000 a year, after deduction of federal income taxes, customary charitable contributions, life insurance premiums and fixed obligations. It will be the treasury's task also to control payments in the lower-salaried professional and executive brackets.

The process of rope making was known to nearly all primitive peoples.

Marshfield, Ore. — Chum has to be told about coffee rationing or he's going to think Hervey C. Tripp doesn't care any more.

Tripp doesn't know how to go about it. For Chum is his three year-old Boston terrier.

Every morning he barks for his cup of coffee—straight.

Vanishing American
Topeka, Kas. — For 12 long years R. T. Wright ran down false clues. Today he displayed the trophies of his successful hunt—two wooden Indians, both squaws, which once decorated cigar stores.

Biggest Tank Battle of War Likely in Egypt Fight

BY DEWITT MACKENZIE

Contested British offensive in the Egyptian desert has reached the point where one would expect it to develop into a battle of tanks. For the outcome of the conflict is likely to turn on these steel monsters.

Lieut. Gen. B. L. Montgomery's tactics against the Axis indicate that this is exactly the position which he is trying to bring about. The wedges which he has driven into Field Marshal Rommel's strongly fortified line are calculated to maneuver the German into fighting his panzer forces into the maelstrom of a complete breakthrough.

The development would bring Axis tanks up against a destructive British artillery and anti-tank gun fire.

Actually this is what happened Tuesday, but Rommel withdrew his armored units after they had suffered considerable losses.

Thus far the British Eighth Army has been up against the necessity of cracking Rommel's line with frontal assault by infantry, air, plane and artillery. It would be cutting disaster for the British tank corps to send them against such fortified positions at the outset.

Such frontal attack is one of the most difficult operations in war.

It also is likely to be one of the bloodiest and I believe we must be prepared to learn that the present offensive has been no exception to the rule. The attacking forces indeed would be fortunate if casualties were moderate.

The Allied road yard victor through the Axis fortified positions and minefields is a tough one. The fact that the advance has been slow does necessarily mean that it

has not been successful. Certainly, it has been moving forward steadily through a series of small engagements which have laid among the ridges and dunes of this desolate region.

In trying to gauge the progress of such an offensive it must be borne in mind that the drive is laid out in stages and worked on a railway schedule.

There are many times when one part of the attacking force could surge forward, but must be held back because another has been stalled.

For one section to race ahead while a neighboring section remained behind would break the line and lay it open to flank attacks by the enemy.

Of course any plan is alterable, even in the heat of the conflict, if an emergency arises.

Rommel has achieved much of his success in past engagements by taking advantage of unusual situations. However, the first stages of an offensive like the present against fortified positions are likely to be a job of slow, hard slogging.

General Montgomery's ultimate aim is to maneuver the enemy into such a position that he can make a flank attack. Both of Rommel's flanks are protected — the northern by the Mediterranean and the southern by the great Qattara depression.

Thus Montgomery is endeavoring to widen the wedges which he already has driven in the enemy line, first to draw out Rommel's tanks where they can be blasted with artillery and then to send British tank units swiveling through gaps in the Axis defenses.

As and when we reach the point where British armored units are able to execute a flank movement we shall get what is likely to be one of the biggest tank battles of the war. Rommel's greatest strength apparently lies in his panzer divisions.

So far as concerns air power, he is much inferior and he also probably has fewer troops by several divisions.

Under the circumstances it seems certain that Hitler will try to send his reinforcements to his desert army. Unquestionably supplies and troops also are being moved across the Mediterranean both by air transport and by boat.

British and American air forces and the British Navy constantly are taking full advantage of the fact that the Axis is not getting reinforcement across.

Rommel's lengthy supply communications are a great handicap for him and the Allied air forces are taking full advantage of this. The military highway which skirts the sea, Montgomery, on the other hand, has the advantage of short lines at present.

This position will alter, however, if the British offensive forces are able to break through the Axis communications which will shorten and Montgomery's will lengthen.

Because of this and because Rommel is receiving reinforcements, the British commander may be expected to try to force a quick decision. Montgomery's game is to get Rommel quickly.

RILEY'S HOAX
James Whitcomb Riley rose to fame through a hoax. He created one of his poems to Edgar Allan Poe and when the world acclaimed it as a Poe masterpiece, revealed himself as the author.

Marked by a thin plume of smoke, a Japanese bomber plunges earthward after having been blasted by U. S. Marine fighter planes over Guadalcanal. The plane crashed and exploded. (U. S. Marine photo.)

Market Report

ST. LOUIS LIVESTOCK
National Stockyards, Ill., Oct. 29 — (U. S. Dept. Agr.) — Hogs, 10,000; market fairly active; 180 lbs. up 3-10 lower; lighter weights 15-25 lower; sows 10 lower; butts good and choice 180-200 lbs 14.50-14.55; top 14.60; 100-180 lbs 14.25-14.50; 140-160 lbs 13.75-14.25; 100-130 lbs 12.75-13.50; sows 13.90-14.40. Cattle, 5,000; calves, 1,500; steers and heifers opening steady; good and choice steers 14.50-16.00; medium and good heifers and mixed yearlings 1.00-14.00; cows slow; sausage butts steady; top 12.00; vealers 25 higher; good and choice 10.25; medium and good 13.75 and 15.00; nominal range slaughter, steers 1.05-1.25; slaughter heifers 9.00-10.25; stockers and feeders 8.50-13.00.

NEW YORK STOCKS
New York, Oct. 29 — (U. S. Dept. Agr.) — Quiet recovery inclinations were exhibited by selected stocks in today's market but many leaders continued to jog along a declining trail. Regularly lower prices prevailed at the start. Improvement cropped up here and there later, especially in the rubber group, and near the close, gains of fractions just about offset losses. Numerous issues were unchanged. Dealings were slack throughout. With transfers approximately 450,000 shares, smallest for a full session in two weeks.

The desire to await results of the important battle of the Solomons remained as a restraining influence with potential buyers. The fact that liquidation was notably times viewed as bullish. The thought also expressed that the two-day reaction had acted as a fairly good "corrective" of the lengthy upswing to new highs since last November.

POULTRY AND PRODUCE
Chicago, Oct. 29 — (U. S. Dept. Agr.) — Poultry, live, 25 trucks; unsettled; hens, over 5 lb. 21.5 lb. and down 19-22, leghorn hens 17-18; broilers, 2-12 lb. and down, colored 20; Plymouth rock 28, white rock 27; springs, 4 lb. up, colored 21-22; Plymouth rock 23, white rock 23; under 4 lb., colored 22-23; Plymouth rock 23, white rock 26; 1-2; bareback chickens 17-19; roosters 15-17; leghorn roosters 15; ducks 4-12 lb. up, colored 17; white 20; small, colored 15, white 15; geese 18; turkeys, toms, old 23, young 20; hens, old 26, young 30. Butter, receipts 460,853; firm; prices as quoted by the Chicago price current are unchanged. Eggs, receipts 6,132; firm; prices unchanged.

GRAIN AND PROVISIONS
Chicago, Oct. 29 — (U. S. Dept. Agr.) — With rye and corn futures prices at new lows for the year, the trend of all grain values was lower today as renewed selling appeared in the market as a result of the large domestic surpluses available and lagging commercial demand.

Most losses were only fractional, but rye sagged about a cent and corn was down almost that much at times. Grain men said hedging sales were apparent in the corn pit in connection with the new crop movement. Ceilings on flour limited demand for both wheat and rye, they said.

No cash wheat. Corn new: No. 3

Running Artic
Continued from Page One

Willard Williams Brown of Maplewood, N. J., rode and defended a ship which completed the hazardous trip in an earlier convoy but was torpedoed by a U-boat on the return.

Members of the crew included Charles Harris of Moberly, Mo.

To Graduate 50 Tonight at the City Hall

Courses in "Modern Retailing" and "War Time Problems for Retailers" that are being offered by the distributive division of the State Department of Vocational Education at the city hall and the local high school, through the co-operation of the vocational department of the high school and the chamber of commerce have over 200 persons enrolled.

Students include members of local business firms, housewives who are preparing themselves in case of emergency and high school pupils who are working as extras or would like to work as extras.

Miss Evelyn Schaffhauser and Vernie Fills who are from the state office of education are very well pleased as to the type and number of students enrolled. They say the attitude and interest is splendid.

The first class of approximately 50 will receive their certificates at the city hall tonight. (Thursday). The other classes are extended through next week.

It is hoped that a course in package wrapping can be offered next week. The main purpose of this training is to cooperate with our government in conserving paper and other supplies.

The classes in shorthand and typing have approximately 75 enrolled and are being taught by Miss Wyle Wimberly of the United States Employment Service and Mrs. Irma Dean, head of the commercial department at the high school, and Miss Jones, superintendent of schools, said.

"The enrollment is far above our expectation, but I am to know that the school is being successful in reaching adults as well as younger people and meeting the needs of the people of the entire community for which our school is designed."

Revision of Highway Plan to Raise Funds

Little Rock, Oct. 29 — (U. S. Dept. Agr.) — Revision of the state highway program to meet anticipated reductions in tax revenues was under discussion by the State Highway Commission and Governor Adkins today.

"We are considering the whole problem of operating the highway department to take care of the decrease in revenue," Adkins declared.

Other highway sources which could not be quoted said one of the principal problems was recent inability to get construction bids as low as department estimates.

A week ago the commission rejected bids on defense roads in the Fort Smith and Pine Bluff areas, saying they were too high.

On state highway projects the commission may reject bids and call for new ones but it cannot negotiate a contract, Adkins said.

The governor said other matters under consideration included disposition of idle construction equipment and personnel adjustments.

Court Upholds FDR's Course in Spy Case

Washington, Oct. 29 — (U. S. Dept. Agr.) — The supreme court ruled today in its long-awaited decision on the Nazi saboteur case that "the spy who secretly and without uniform passes the military lines of a belligerent in time of war seeking together military information and communicating it to the enemy" or to destroy life or property is subject to trial and punishment by military tribunals appointed by the president.

Chief Justice Stone wrote the 23-page opinion, which was delivered to newspapersmen by Charles E. Moore, clerk of the court. The tribunal itself was not in session.

The opinion formally denied applications for writs of habeas corpus sought by Nazi saboteurs, which necessitated a three-day extraordinary session of the court last July. The tribunal announced then that the applications were denied. Six of the Nazis subsequently were executed; the other two given long terms.

Stone said that "the court is unanimous in its conclusion" that the articles of war adopted by Congress "could not at any stage of the proceedings afford any basis for issuing the writ."

NO STAINDE FINGERS
When first introduced, forks were used to prevent staining the fingers. Two-tined forks had long been used for carving, but the Italians introduced the fork as an eating implement by using it for fruits and other foods that stain the fingers.

There are about 120,000 blind persons in the United States.

Pre-Hallowe'en Goblins

Strange and weird-looking are these new plastic altitude masks used for stratosphere flying by Kelly Field pilots.

Many German Tanks Knocked Out by British

(Editor's Note: Frank Martin, a veteran of far eastern reporting who has been on the Mediterranean front since early this year, watched the methodical British attacks to open gaps through the Axis' Egyptian front early in the new offensive. A native of Columbia, Mo., Martin is a graduate of the University of Missouri's School of Journalism.)

With an Attacking British Tank Unit on the Alamein Battlefield, Oct. 27 — (Delayed) — A tank battle now is sweeping over the desert floor, for the Germans brought up their armor yesterday afternoon in an effort to block the forward movement of the British.

Since the battle still is in full swing, little information is available, but it is known that many enemy tanks have been knocked out of action.

One good indication of how the battle is going can be had from the number of German and Italian armor in the prisoner pens scattered behind our lines.

In the past few hours, truck after truck has been bringing these men back from the battlefield, dirty and tired from the fighting.

Besides tanks, the Germans have heavy 88 millimeter guns and some infantry in this sector trying to halt the Allied push. Their armor came up to lock with the Allies' as night fell last (Monday) night and continued through the moonlight and into daylight today.

Pilotless Plane Lands Undamaged in Field

McLeansboro, Ill., Oct. 29 — (U. S. Dept. Agr.) — A Naval aviation student at Southern Illinois Normal University bailed out of his training plane at Akin, Ill., last night but the small craft flew another 22 miles before it landed in a field near Bello Prairie. The plane was only slightly damaged. Fred Valentin, director of the flight school at Mation, Ill., said the plane's pilot was Alvin Trigg, 26, Hopkinsville, Ky., who lost his bearings and had flown in the dark for an hour and half before abandoning the plane.

Finds Biggest Job Is Finding Place to Live

By MAX HALL
Washington, Oct. 29 — (U. S. Dept. Agr.) — James William (Bill) Fulbright, 37-year-old former president of the University of Arkansas, who expects to become a member of Congress on Jan. 3, is fighting his first battle in the national capital since his nomination.

He is hunting for a place to live. The young educator, lawyer, farmer and business man from Fayetteville, found Washington a different place from the city he knew from 1930 to 1936 when he studied law at George Washington University, taught law in the same institution, and handled cases for the anti-trust division of the Department of Justice.

REMEMBER HIM — THE BOOTLEGGER?

Remember? He organized underworld vice like it never was organized before or since.

Murdered police officers and innocent bystanders alike.

Assassinated witnesses to keep them from testifying.

Flooded the country with poisonous liquor and got rich.

Made speakeasy drinking popular with young folks.

Mocked the law and debauched morals.

Spent huge sums on bribery and 'fixing'.

VOTE, TUESDAY, NOVEMBER 3

Friday, October 30th
The meeting date of the Rose Garden club has been changed to Friday, October 30 at the home of Mrs. J. D. Springer, 3 o'clock. Mrs. J. S. Gibson, Jr. will be co-hostess.

The Mission Study class of the Women's Society of Christian Service will be conducted at the First Methodist church, 2:30 o'clock.

Monday, November 2nd
A meeting of the Executive Board of the Women's Auxiliary of the First Presbyterian church will be held at the church, 2:30 o'clock.

Miss Whitehurst and Mr. Stokes Are Wed in Little Rock
Much interest is centered in the announcement of the marriage of Miss Ethel Lorraine Whitehurst, daughter of Mrs. Arthur Clinton Whitehurst and the late Mr. Whitehurst, of Little Rock and Hope, and Horace Stokes, of Little Rock.

The ceremony took place Friday evening, October 23, at the USO Building in Little Rock with the Reverend F. H. Roseman officiating at the impressive ceremony.

The bride wore a becoming afternoon dress of green wool crepe with matching accessories. Her shoulder corsage was a single orchid.

Corporal and Mrs. Lester R. Peterson of Brainard, Minn. were the only attendants.

The bride is a graduate of Hope high school and Hendrix college and is an employee of the State of Arkansas Department of Labor. She is the maternal granddaughter of Mrs. Henry Bedford Turner and the late Mr. Turner, pioneer Hempstead County resident.

After graduation from Magnolia A. and M. college, Mr. Stokes attended Oklahoma A. and M. at Stillwater, Okla. He is a civilian employee of the Quartermaster corps at Camp Robinson in Little Rock, where the couple will make their home.

Branch Library at Blevins Is Re-Opened

The Blevins' Library "Branch of
the Hempstead County Library,"
was open, Monday, October 26,
1942 after being closed for a period
of seven months due to quota reduction
in the W. P. A. Blevins is in
a defense area and the branch
library will be a war services pro-
ject. Miss Elsie Weisenberger,
County Librarian, said Wednesday
the library has over 300
books, magazines, and pamphlets to
be circulated to the white citizens
of Blevins and surrounding terri-
tory. The library will be open
Monday through Saturday, 12:00-
5:00 p. m., by Mrs. Tommy Stuart,
W. P. A. Library clerk.

Elmer Davis said of Libraries:
"One of the first acts of the
Japanese in the Philippines was
to destroy an American library.
The policy of the Japanese, and
fascists toward libraries, librarians,
writers of books and readers of
books has long been familiar to us.
From my point of view there is
one front on which the services of
librarians are urgently required.
Librarians occupy a position in
American life which enables them
to see to it that the people of this
country have the facts before them.
In the present war, as never be-
fore, this duty of the librarians as-
sumes a pressing importance and
librarians carry a responsibility
such as they have never carried in
our history."

1,000 Students Sought
To Look At Sky
STATE COLLEGE, Pa. (AP)—
Wanted: 1,000 sky-gazers. This was
the request of Hans H. Neuberger,
assistant professor of meteorology
at the Pennsylvania State College,
who is planning to use the stud-
ents to estimate the shade of the
sky blue.

He expects to find out whether
the shade of the average untrained
person can be used as a measur-
ing stick in this type of meteorol-
ogical studies. The aerologist ex-
plained that if the large majority
of untrained students can agree on
the shade of sky blue during simulta-
neous observations, the usefulness
of color estimations would be estab-
lished.

Conn, Pastor Are Top Contenders to Meet Louis

Washington, Oct. 29 — Cor-poral Billy Conn and Bob Pastor are the "logical" contenders for the "Joe Louis" heavyweight championship crown, the National Boxing Association reported today in announcing that top-ranking fighters now in the armed services shortly would be placed in a special "honorary class."

Al Joe Greene, NBA president, said that in December the Association would announce plans for a "duration of champions and contenders."

These ratings, Greene declared, will be based on a policy of "freezing" for the duration the titles of men in the service. He added that such a system would prevent "injustice" to champions now in uniform and would prevent appropriation of boxing crowns by self-declared champions or by dictum of any individual athletic commission.

In again listing Conn as the No. 2 heavyweight, the NBA made no reference to the scheduled Louis-Conn scrap of three weeks ago, which Secretary of War Stimson cancelled.

Melio Bettina was placed at the top of a group of five "outstanding boxers" in the heavyweight class, but the NBA noted that his army service probably would prevent any ring activity on his part "which leaves competition principally in the hands of Lee Savold and Tami Mauriello," who are booked to meet tomorrow night.

Manuel Ortiz, whose victory over Lou Salen has been recognized by the NBA, was ranked the No. 1 bantamweight for the only change in title classification in the new ratings.

Telescopes with a magnifying power exceeding 1,000 are seldom used because of the trembling of the earth's atmosphere.

SIDE GLANCES

By Galbraith

"Mother donated blood twice to the Red Cross, but it didn't upset her half as much as turning in these old 'pluythings of yours as scrap!'"

SPORTS ROUNDUP

By HUGH FULLERTON, JR.
Wide World Sports Columnist

New York, Oct. 29 — (P) — Having tried to apply common sense to football predictions for several weeks, and having fallen somewhat short of perfection, this dept. is inaugurating a new system this week.

Duquesne vs. St. Vincent (Friday) — One of Duquesne's half-backs is Goode. So is Duquesne — too good for St. Vincent.

Colgate vs. Holy Cross — We're always mistaking Colgate's Al Hanover for a trotting horse because of his name, but we understand he's a runner. Maybe Al will pace the Red Raiders to victory.

Oklahoma vs. Iowa State — Word from the Southwest is that the Sooners' prospects depend on whether Hamm is hot. Veteran sandwich eaters tell us cold Hamm is just as good. Anyway, we'll string along with Oklahoma whether Hamm is hot or roasted.

Pennsylvania vs. Army — The Penn is mightier than the sword. Texas Christian vs. Baylor — No selection. We can't tell which way the Frogs will jump.

One-minute Sports Page — Local fight enthusiasts are talking about a return meeting here between Fritz Zivie and Henry Armstrong. Maybe they didn't see those pictures from San Francisco showing Henry's face looking like a Halloween pumpkin after he won from Fritz. Thought for Brooklyn: Branch Rickey always used to say that if he ever had direct control of a ball club, Bart Shotton would be his manager. The football Yale used to beat Dartmouth last Saturday won't go into the "happy case with the rest." The Yale players autographed it and gave it to Gary Odell, Coach Howie's five-year-old son, who is laid up with a plaster cast on an ailing leg.

Times - Picayune: "Chancellor O. C. Carmichael of Vanderbilt said that the student attending the university without a serious purpose of education is the armed forces before sundown. He probably was referring to those students who make up the football squad, because we notice his suggestion came right on the heels of that 33 to 0 pasting Mississippi State dish out."

Tigers to Face Strong Dunbar Team Friday

The Yerger Tigers will meet Dunbar High school of Texarkana, Tex., Friday afternoon at 3:30 in what is believed will be one of the toughest games to be played here. The public is invited.

Lineups:
Yerger High Pos. Dunbar High
E. Harris l. e. Richardson
F. Noble l. c. Hunter
J. Lloyd l. g. Harris
V. Lloyd c. Strickland
M. Watkins r. g. Johnson
Bullie r. t. Henderson
C. Dunlap r. c. Bradshaw
G. Lollis q. b. Cannon
J. Austin r. h. Hill
B. Dixon l. h. Cobb
T. Malone l. b. Shorre

Ouachita, U. of A. Frosh Play Saturday

Arkadelphia, Oct. 29 — (P) — Coach Bill Walton is not counting any victory before it's earned in the clash between Ouachita College and the University of Arkansas freshmen at North Little Rock Saturday.

Walton watched the freshmen roll over Camp Grady, Okla., last week and came home with plenty of respect for the Sooners. Big Harry Ledbetter of Fordyce proved a power in the Arkansas backfield and Ouachita defenders have been drilled well in stopping his forays. But the freshmen have other big guns including McAfee, who can boot a field goal from the 41 yard line and Theron Roberts of Texarkana who is a mighty forward.

The Tigers, however, have their own stars particularly all-state Carl Allen, a fine triple-threat back, and all-state center Cecil Kemp.

The game is a U.S.O. benefit.

Branch Rickey Named President of Brooklyn Club

By JUDSON BAILEY
New York, Oct. 28 — (P) — Branch Rickey was back in town today for the second time within a week and may sign as the new president of the Brooklyn Dodgers before he darts away again.

The latest visit of the vice president of the St. Louis Cardinals was surrounded in as much secrecy as was the case last week. He arrived yesterday unannounced, registered at a midtown hotel but didn't answer his telephone, and even his son's family said they were unaware of his presence here.

However, there was reason to believe that he had come to conclude negotiations which have been going on ever since the World Series, when the board of directors of the Dodgers set out to find a successor to Larry MacPhail, who resigned to accept a Lieutenant-Colonelcy in the Army.

When he was last there Rickey, although refusing to acknowledge that his presence had any connection with the Brooklyn vacancy, did say he hoped to "know something definite within the next week."

The fact that he returned seven days later, on the dot, was therefore accepted to mean that he knew something definite and there seemed to be no occasion for his making a trip here if the "definite" were negative.

When Rickey was here last week it was understood he had to straighten out his Cardinal contract, which would not normally expire until December 31. This pact provided for him to share in the profits of the club and to receive his salary and the sum involved may be measured by the approximately \$75,000 he received last year.

Missouri and Georgia Pace Grid Teams

By ARNOLD DERLITZKI
Chicago, Oct. 29 — (P) — Collegiate football is streaking to new offensive heights this year on the backs of Missouri and Georgia.

Missouri, paced by Bob Selander, the nation's leading scorer, has averaged 434 yards a game for five contests. Georgia, led by Frankie Sinkwich, has rolled along at a 431 clip in the same number of encounters.

The American Football Statistical Bureau, in releasing today's figures, said that it believed it had some imposing figures three years ago when Cornell, in six games averaged 409 yards before bumping into Dartmouth and Pennsylvania.

But today Missouri and Georgia not only are far ahead of that pace, but are being pushed by two other elevenes. In five games, Tulsa has a 419 total offensive average and Ohio State, 414.

Missouri and Ohio State, incidentally, are the two top running teams of the nation, Missouri having gained 2,022 of its 2,605 total yardage by rushing, and Ohio State 1,646 of its 2,070.

Georgia, 13th in rushing, is making up its difference in passing where it continues to run third behind Columbia and Tulsa. Columbia has averaged 212 yards a game, Tulsa 209, and Georgia 184, with Maryland right behind at 182.

All around honors, however, go to little Tulsa, undefeated in five games. In addition to being third in total offense and second in passing, the Golden Hurricanes are first in total defense (allowing opponents an average of 84 yards a game), first in pass defense (permitting 25 yards a game), third in punting and 11th in rushing.

Walton watched the freshmen roll over Camp Grady, Okla., last week and came home with plenty of respect for the Sooners.

Big Harry Ledbetter of Fordyce proved a power in the Arkansas backfield and Ouachita defenders have been drilled well in stopping his forays. But the freshmen have other big guns including McAfee, who can boot a field goal from the 41 yard line and Theron Roberts of Texarkana who is a mighty forward.

The Tigers, however, have their own stars particularly all-state Carl Allen, a fine triple-threat back, and all-state center Cecil Kemp.

The game is a U.S.O. benefit.

General Box Company Locates Veneer Plant in Prescott
Mr. Tom Bemis, President of the Chamber of Commerce, announces that negotiations with the General Box Company of Chicago, Illinois, which have been pending for some time have been successfully concluded and Mr. D. F. Fahy, Vice President of the General Box Company, has authorized immediate action for the construction of the plant.

The plant will be located on the Ozan Lumber Company property with railroad siding facilities to be furnished by the P. & N. W. All hardwoods with the exception of beech, hickory and oak are to be used in the manufacture of the veneer and local logging contractors are assuming responsibility for furnishing an ample supply of this timber. The veneer plant will employ approximately fifty people when in full operation and provision is being made for expansion at a later date which will increase employment.

In addition to Chamber of Commerce activities in obtaining this industry the full cooperation of Mr. J. R. Bemis, of the Ozan Lumber Company, must be definitely recognized. Conclusive evidence of the interest of the Ozan Lumber Company in the progressive welfare

of Prescott was an outstanding factor throughout the entire negotiations.

Clearing of the building site and grading, construction of timber ramps and runways will be started at once in order that manufacturing operations may begin at the earliest possible date. The General Box Company is recognized as the largest operator of veneer plants in the country and Prescott is fortunate in having this outstanding manufacturing concern interested in the industrial progress of our city. We extend a most cordial welcome to the General Box Company and assure them of our fullest cooperation in their manufacturing enterprise.

Nevada County Men to be Inducted at an Early Date

MANY NEVER SUSPECT CAUSE OF BACKACHES

This Old Treatment Often Brings Happy Relief

Many suffer from nagging backache quickly, once they discover the real cause of their trouble may be tired kidneys. The kidneys are Nature's chief way of taking the excess acids and wastes out of the blood. They help most people pass about 3 pints a day. When disorder of kidney function permits poisonous wastes to remain in your blood, it may cause nagging backache, rheumatoid pains, leg pains, loss of pep and energy, getting up nights, swelling, puffiness under the eyes, headaches and dizziness. Frequent or scanty passages with smarting and burning sometimes shows there is something wrong with your kidneys or bladder. Don't wait! Ask your druggist for Doan's Pills, used successfully by millions for over 50 years. They give happy relief and will help the 15 miles of kidney tubes flush out poisonous waste from your blood. Get Doan's Pills.

Victory Tax to Be Deducted From Your Weekly Paycheck

(Editors note: In this second of three articles devoted to the new tax law, business writers James Marlow and George Zilke explain in the workings of the Corporation Taxes.)

By JAMES MARLOW
And GEORGE ZILKE

Washington, Oct. 27 — Beginning Jan. 1, your employer will start deducting the new "victory" tax from your paycheck.

In addition to your regular income tax,

The victory tax is 5 per cent of your income over \$12 a year (\$824 a year). If you're on a wage or salary, your employer will withhold this percentage and pay it directly to the government. Just as he does now with your social security deduction, which will continue unchanged.

If, however, you're in business for yourself, or you're a domestic servant or farm worker, or a public official paid by fees, you'll pay this tax along with your regular tax on 1943 income March 15, 1944.

In either case, you'll find a place on your blank at that time for computing your exact victory tax. The business man will find he can deduct the same expenses as under the regular income tax. And an individual will find he can deduct such things as alimony or separate maintenance payments, any gain from a sale of a capital asset or any compensation for injury or sickness. However, the average wage earner probably won't have deductions, since charity contributions are excluded.

But then he'll come to the matter of "credits."

The treasury is just "borrowing" part of the money involved in the victory tax. A single person will be able to claim a credit of 25 per cent (up to a limit of \$500) and a married man 40 per cent (up to a limit of \$1,000)—plus 2 per cent of each dependent (limit \$100 each) of the tax.

These credits fall into two classes:

1. Current credit. You'll be able to deduct the credit from the amount you pay in 1944 on your regular 1943 income tax. If you note this "1943" you have paid out an equivalent amount in 1943 for life insurance premiums (provided the insurance was in force on Sept. 1, 1942), for payments which reduce your outstanding debts below the lowest amount owed in the period from Sept. 1, 1942, to the end of the year; or for purchases of war bonds and stamps.

If your payments for such item do not equal the total credit allowance, the rest becomes:

2. Post-war credit. For this remaining amount of the credit you'll get a government bond or certificate which will bear no interest and which you can't transfer or cash until after the war.

Let's take some specific examples:

Oscar Zilch, married, no children, earns \$80 a week. To figure out how much he'll find deducted from his annual wages, he first subtracts \$824 from the yearly total of \$3,120 — leaving \$2,496 taxable.

Five per cent of this figure is \$124.80, to be withheld by his employer, in weekly amounts of \$2.40.

(Actually there may be a slight difference in the weekly deduction if the employer uses a scale prepared by the treasury to simplify calculations — but in the final accounting the sum owed Uncle Sam will be \$124.80.)

Now, Oscar's 40 per cent credit as a married man will be \$49.20 — but the treasury, in effect, simply borrowed that amount. When will he get it back?

If Oscar buys a war bond for \$18.75 next year and spends as much as \$31.17 in life insurance premiums or reduction of old debts, he will be entitled to deduct the entire \$49.20 off the amount he will find himself owing on March 15, 1944, for the regular income tax on his 1943 income.

If Oscar had one child, his credit would be 42 per cent, of \$52.42; if he had two children, it would be 44 per cent, or \$54.91.

But if he were single, he's entitled to only 25 per cent credit, or \$31.20.

In every instance, if he hadn't spent for war bonds or stamps, life insurance premiums or debt reductions, an amount equal to his credit, he'd get a bond or certificate from the treasury for the difference, cashable after the war.

Better sharpen your pencil right now and see whether you won't find it profitable — besides being a good and patriotic investment — to buy some more war bonds next year.

Other ways your pocketbook will be hit:

After you've figured out your regular income tax which will be due next year, plus your victory tax, better be cautious about planning how to spend the rest of your money.

The treasury is cooking up another taxation measure to go before Congress early next year, and most observers predict it'll be a retail sales tax. It might be worked out as a savings plan whereby you'd get stamps — convertible into bonds — in exchange for the money you'd pay.

Some other kind of compulsory saving may be considered, perhaps pay roll deductions for stamps or bonds.

Furthermore, the so-called "painless" taxes have been increased—there are higher levies on liquor, beer, wines, cigarettes, cigars, transportation fares, telephone and telegraph service and lubricating oil.

So don't be surprised if you're left with a lot less money than in the past to spend for luxuries.

Roy Rogers Is Good Example of Movie Hero

By GEORGE TUCKER

New York—When I was considerably younger I used to delight in a Saturday afternoon's Wild West bill of fare at the neighborhood movie house. The chief attraction was dauntless Eddie Polo, who shot so many bad men the sound effects man couldn't keep up with him. (The sound effects man in those days sat in the first row, and every time there was gunfire on the screen he slapped a leather chair seat with a slat.)

In my more mature years I have been mildly curious over the declining marksmanship of screen heroes, but now I know the answer. The rates for being killed have gone up from something like \$10 a day to \$25. And when you're making western pictures on a small budget, podner, you only kill off the snakes-in-the-grass that need killin' bad.

I've just learned that, and a few other things about westerns, from Roy Rogers, one of the top screen cowboys of the era, and the name attraction of the recent rodeo in Madison Square Garden. Among them that most of the best cowboys come from New York state, that a horse can be housebroken, and that fake fights screen better than real ones.

Roy works for Republic, which figures that when Judy Canova kicks the hero in the pants it's funnier than anything William Powell says to Myrna Loy.

He is—or I wouldn't be writing this—one of the most unaffected and companionable film stars to show up in these parts in many a harvest moon. Like many youngsters' cowboy idols, he doesn't drink or smoke in public, but I found during a dinner-for-four in a private dining room at the Hotel Dixie that he doesn't drink or smoke much anyway.

He gets quite a kick out of the fact that he, a film cowboy, was born in Cincinnati and was brought up on a farm near Portsmouth, O., and was more interested originally in choral singing.

When Roy starts talking about his Palomino horse, "Trigger," he really loosens up. Trigger is one of the few stallions ever used by a lead performer in westerns. Usually they're considered too fractious. He is about six years old, and Roy has had him for five. He can do 45 miles and hour on the straightaway, and Roy would like to put him up against Whirlaway in a hundred-yard sprint.

Funny thing about these westerns, the hero seldom if ever kisses the girl. That's on the youngsters' assumption that the youngsters don't like "mush." Roy is being juvenile.

"I was on a thrifter tour once," he said in his authentic western twang, "and I got to thinking about that. I said to the kids, 'I bet every one of you here has a girl.' And they just sat and squirmed."

"EATING" WATER

We "eat" a lot of water. Half of every loaf of bread, two-thirds of every egg, and 75 per cent of every potato and steak consists of water.

SOME TAIL

The Mexican "dragon lizard" runs across water on its hind legs without sinking. It has a five-inch body and an 18-inch tail.

Men's Leather Coats

We have a good selection of these leather coats. Zipper and button fronts in both jacket and coat styles. All sizes.
